

**CAUTION**

**DUCKLINGS SPOTTED IN THE AREA**

**A family of ducks has been seen in the area.**

Please do not try to intervene as Mum and Dad are teaching them important life lessons for survival.

**You can help by:**

- Slowing down and allowing them to cross the road safely
- Alerting oncoming traffic if safe to do so
- Giving the family lots of space. Attempting to catch the ducklings may cause the parents to abandon them.
- Please contact the police to assist with traffic management if needed

**If any of the ducklings are alone or injured, please contact Wildlife Victoria on (03) 8400 7300 for advice.**
